

PI-DAY IN THE PLAZA

Celebrate Math Fun Under the Sun!

Get ready for a slice of fun at PI-Day in the Plaza! Join us at Heritage Plaza on March 14 between 10am and 2pm to celebrate the awesomeness of mathematics and the number PI.

Get your PI on with these awesome challenges:

- **PI-rouettes:** Channel your inner hula hero in a timed challenge and see how long you can keep those hoops spinning!
- **PI Toss:** Try to hit the targets with a plethora of pi projectiles!
- **Pieces of PI:** Memorize as many digits of the legendary number PI as possible and claim bragging rights (and prizes!).
- **PI in the Sky:** Unleash your inner mathematician and use your skills to estimate the height of a campus building!

Beyond the challenges:

- **Discover the wonders of the Snow College Planetarium:** Learn about amazing planetarium shows and the role of math in astronomy and science.

Spread the word! Share this flyer and use the hashtags #PIDayInThePlaza #SnowMathRocks
