

GE Foundation's Signature Assignment Scorecard - Spring 2020

This scorecard represents Snow College's assessment of Foundation Course's Signature Assignment. Select classes submitted signature assignments. These assignments (stripped of student identifiers) were read by Snow College faculty and scored on five distinct criteria using a 3-point proficiency scale. Several assignments were read by two or more faculty in order to norm reading scores, and resulted in an inter-rater reliability score of .66.
