Brand Positioning

The Importance of the Snow College Brand

The message Snow College presents to the public is an important one, a consistent brand identity is the most important visual program for the College. This is why publications standards are important. All communications from the college, whether originating from a department, or office, are reflections of Snow College. The logos, typefaces, colors, and the treatment of photos and text all project attributes of the institution. Every group that the college communicates with is inundated with information competing for attention. Snow College commits significant resources and countless hours to creating publications and materials intended to brand Snow College as an unique institution. The goal of Snow College is to continually improve the effectiveness of the College's communications to all the groups and markets it communicates with.

Focusing on a strategic program with a strong, unified set of visual standards ensures that all graphic and visual elements used in publications, signage, marketing, and apparel communicate the same message and image. The identity is not only read in words, but processed by the brain visually, evoking a complex set of associations much more powerful than text. This is why publications standards are important, and why the college is requiring all departments, offices, vendors and individuals to follow the brand guidelines and licensing requirements in this manual.

In this manual you will find visual and brand identity guidelines that all Snow College projects -- print or electronic -- are required to follow. These guidelines were developed with school administration, staff and faculty suggestions, and a professional design firm with input from the college community. Through consistent use of these guidelines, Snow College will enjoy greater awareness and recognition. These guidelines take effect for schools, departments, athletics and affiliated organizations of the college on June 1, 2012.

This brand identity manual has been created to assist you. It provides an overview of the elements that make up the Snow College identity system and presents guidelines for working with them. Through notes and examples, it demonstrates how these elements combine to communicate a consistent identity that represents Snow College. The College has a Brand Manager and in-house Design Department to oversee and help with all of your college projects.

IMAGE POLICY

Use of images, photos, and drawings of Snow College, it's campus buildings and grounds in commercial marketing and advertising activities by external parties is expressly forbidden.

GENERAL POLICY

Snow College does not lend, endorse, sponsor, or partner with external parties through the use of its name, logos, campus images, or photos of buildings and grounds in a way that could imply an endorsement or sponsorship of a company, individual or other entity, its products, charitable contributions, or other business activities unless formal written approval has been granted. The college has existing relationships with other universities, colleges, governmental organizations, charitable organizations, and manages sponsorships with businesses through its Office of Marketing & Communicationse and Brand Management, and has a formal licensing program managing the use of its trademarks.

REQUIREMENT OF CONSENT

A waiver to this prohibition may be considered if such endorsement is the subject of an agreement of substantial importance and value to the college, who retains all rights to make such decisions. The external entity proposing a waiver must submit a formal request to the Office of Marketing & Communications and Brand Management. The decision to grant a waiver and the extent of the same shall be at the discretion of that office, taking into consideration, among other things, the college's marketing and brand management goals:

To promote and protect the college through implementation of a management system that establishes the means for consistent, favorable, and professional use of the brand and the trademarks and to fulfill the legal obligation to protect the college's image and trademarks.

Snow College prefers to negotiate requests for waivers with a minimum of four weeks' advance notice and reserves the right to deny requests if the school deems that there is insufficient time allowed to consider such requests.

ADMINISTRATION

The Vice President of Finance and Administrative Services and the Office of Marketing & Communications and Brand Management shall be responsible for the implementation and interpretation and negotiating all required contracts.

SECTION TWO

We Are Snow College

Mission Statement for Snow College

Snow College continues a tradition of excellence, encourages a culture of innovation, and cultivates an atmosphere of engagement to advance students in the achievement of their educational goals.

Snow College strives to fulfill its mission by:

Honoring its history and advancing its rich tradition of learning by providing a vibrant learning environment that empowers students to achieve their educational goals, encouraging and supporting innovative initiatives that create dynamic learning experiences for the college community, and creating learning and service opportunities, locally and globally, to engage students, faculty, staff, and surrounding communities.

Approved by the Snow College Board of Trustees, February 16, 2011, and the Utah State Board of Regents, July 15, 2011

Snow College Core Themes, Goals and Objectives

Snow College, through an inclusive process of discussion and decision-making with faculty, staff, and students, has defined three Core Themes, reflecting its Mission, has established an over arching goal and a set of assessable objectives for each Core Theme. The three Core Themes have been approved by the Board of Trustees and serve to guide the College's decision-making, strategic initiatives and actions, and continuous improvement endeavors for the academic year 2011-12 and forward.

Core Theme I: Tradition of Excellence.

Goal: Snow College honors its history and advances its rich traditions of learning by providing a vibrant learning environment that empowers students to achieve their educational goals.

This core theme is linked to five objectives:

1. Students completing degrees or certificates demonstrate achievement of the learning outcomes identified for the degree or certificate they receive.
2. Students achieve their intended educational goals at Snow College.
3. Students succeed when they transfer.
4. Students succeed in the workforce when they find employment in their chosen field.
5. Exiting students are satisfied with the services provided by the administrative departments of the College.

Core Theme 2: Culture of Innovation.

Goal: Through initiatives that create and sustain a college-wide culture of innovation, Snow College encourages and supports innovation by developing dynamic teaching, learning, and engagement experiences for students, faculty, and staff, as well as for the larger College community.

This core theme is linked to four objectives:

1. The College creates a cultural "blueprint" that encourages innovative curricular and co-curricular practices.
2. The College supports a culture of innovation by allocating a portion of its resources to promote inventive responses to needs identified during regular assessment procedures.
3. The College seeks out, analyzes, and incorporates new/best practices to promote/maximize student success.
4. The College creates a culture of innovation by encouraging creative and original thinking among its students.

Core Theme 3: Atmosphere of Engagement.

Goal: Snow College creates learning and service opportunities, locally and globally, to engage students, faculty, staff and surrounding communities.

This core theme is linked to four objectives:

1. The College develops the whole student through wide-ranging student-centered activities and experiences.
2. The College creates collaborative discipline-specific professional engagement experiences among students and faculty.
3. The College connects with and enriches surrounding communities.
4. The College fulfills its regional stewardship role by helping to establish "sustainable regions" defined as "innovative economies, livable communities, collaborative governance and social inclusion."

Logos & Marks

The Snow College S & Wordmark

The Snow College Logo is the cornerstone of the College's brand identity system. As the primary identifier of the college, the logo elements have been developed to consistently represent the college in all of its brand uses. Over time, consistent and repeated use of the authorized logos will establish equity and strengthen the greater visual identity of the institution. To ensure consistency, however, it is critical for every user of any of the brand elements, regardless of personal preference, use them in accordance with the guidelines that follow.

The college logo consists of two elements: the Snow College S, and the Snow College wordmark. Each of the individual elements maintains a special relationship to the others and must not be altered. Do not create new artwork for the Snow College logo. Creating variations or making changes to any of the logos is prohibited.

Logo Components

1. The Snow 'S'. Represents the initial 'S' in the word "Snow." Design based on the traditional Snow College letterman's applique patch.
2. The College Wordmark. Composed of the words "Snow College," the text is composed of custom developed

letter forms. Because special attention has been given to construction and kerning the characters, one should never reset the text of the college wordmark. Never replace the custom wordmark with a different typeface/font.

Instructions for obtaining digital files of the Snow College logos can be found at www.snow.edu/brand.

Modification

The institutional logo should not be altered or modified and should be used in its entirety. Snow without College should only be used with permission from the Snow College Brand Manager. Other artwork or graphic elements should not be added to the logo, nor should the text or font be changed, although the logo can be used with other text to signify a department or campus logo as approved by the Marketing Department.

The logo should not be stretched or skewed from its original format. Any exceptions should be approved through the Brand Manager. Intentional or unintentional violations of these guidelines with regard to the proper use of trademarks and symbols do not constitute a precedent. In other words, it should not be inferred that one violation justifies another.

Snow College Brand Colors

On April 13, 2012 the Snow College Board of Trustees approved the official colors. Their decision was based on keeping the tradition of the school and the need for creating a unique brand, to allow Snow College to stand apart from other Higher Educational Institutions in the State of Utah. The official colors for Snow College are Blue and Orange.

Through the process of creating a new brand identity for Snow College the following colors have been specified for all college brand uses. Logos, wordmarks and other elements specified in this Brand Manual should always be used in this color scheme as indicated. Use of the logo(s) in other color combinations is prohibited, unless approved by the Snow

College Brand Manager.

The chart below will help in specifying the correct color in print, digital, web and architectural uses. Questions regarding other uses or needs need to be addressed and decided upon by the Brand Manager.

Snow College Brand Primary Logo

The primary college logo is the cornerstone of the Snow College brand identity system. As the primary identifier of the college, the logo/signature has been developed to consistently represent the college in all of its communications. Over time, consistent and repeated use of the signature will establish strength to the greater visual identity of the institution. To ensure consistency, however, it is critical for every user of the logo, regardless of personal preference, to use it in accordance with the guidelines that follow.

The college logo/signature consists of two elements: the Snow College S and the college wordmark. Each of the individual elements maintains a special relationship to the other and must not be altered. Do not create new artwork for the Snow College signature. Creating variations or making changes to the Snow College logo/signature is prohibited.

The Snow College logo/signature must be used as a single unit within the guidelines defined in this manual.

Minimum White Space

Snow College Brand Signature Logo

The Snow College Signature Logo is the horizontal version of the Snow College brand identity. Over time, consistent and repeated use of the signature will establish strength to the greater visual identity of the institution. To ensure consistency, however, it is critical for every user of the logo, regardless of personal preference, to use it in accordance with the guidelines that follow.

Each element of the logos maintains a special relationship to the others and must not be altered. Creating variations or making changes to any Snow College brand logo or elements is prohibited. All Snow College logos must be used as specified in this Brand Manual as a single unit.

Minimum White Space

On the Signature Logo the minimum white space surrounding the logo should be a distance equal to the height of the wordmark. No other logos, images or elements should encroach within this isolation area.

Snow College Brand Vertical Logo

While use of the horizontal signature is encouraged, there may be cases where the stacked version is preferred. As with the horizontal signature, color, size, and clear space requirements apply.

On the Vertical Logo the minimum white space surrounding the logo should be a distance equal to the weight of the vertical stroke of the S logo as indicated below. No other logos, images or elements should encroach within this isolation area.

All Snow College brand logos are crucial to the College's identity system. As the key identifier of the College, all logos have been developed to consistently represent the College in all of its communications. Over time, consistent

and repeated use of the signature will establish strength to the greater visual identity of the institution. To ensure consistency, however, it is critical for every user of the logo, regardless of personal preference, to use it in accordance with the guidelines that follow.

Minimum White Space

Snow College Brand Square Logo

Because of shape and space considerations as well as aesthetic value, alternate logo formats may be needed for specific applications. As with the other logo versions, color, size, and clear space requirements apply.

On the Square Logo the minimum white space surrounding the logo should be a distance equal to the weight of the vertical stroke and negative space of the S logo as indicated below. No other logos, images or elements should encroach within this isolation area.

Snow College Logo Size and Color Uses

The Snow College logo will be reproduced in a wide range of uses, size variations and on various colors.

To keep a clear representational and recognizable brand, the S logo should not be reproduced less than 1/2 of an inch high. There is no maximum size the logo can be reproduced. There may be some cases that require special sizes or clear space allowances. Examples of these unique applications include, but are not limited to, pencils, CD spines, or very small ads, where these application uses apply, approval is required by the Brand Manager.

When reproducing the brand elements on background colors, consideration of contrasting colors need to be priority for consistent brand identity and readability. The three main background colors that should be used in college communications and marketing materials are white, Badger Blue and Snow Orange as specified in the brand color guide. Uses of other colors will need to approved by the Brand Manager.

The minimum size that any logo variation can be used would be where the S logo will not be reproduced less than .5" height. Approvals for uses below the minimum size need to be approved by the Brand Manager.

When the Snow College logo is used on various backgrounds, it is important to make sure that the logo is readable. On certain colors the default colors used in the logo and wordmark may need to be change to white to make the brand elements visible.

If you need any help, or have any questions on uses please contact the Brand Manager.

Snow College Logo ~ Gray scale and One-Color Use

Though the Snow College logo should be reproduced in the official colors whenever possible, the use of the logo in black or one color printing is acceptable in certain projects and newspapers.

These logos shown below, gray scale and one-color versions, are available from the Brand Manager for approved uses.

SNOW COLLEGE

Snow College Logo ~ Unacceptable Use

There are only five standard versions of the Snow College brand and logos that are acceptable. Do not modify any of the 5 versions of the Snow College logo or wordmark in any circumstance.

Below and on the next page are some basic mistakes that could happen. Please do not use the brand elements and logos in any of these ways. *(Just because you can do something different, doesn't mean you should!)*

Uses to avoid are:

Do Not reassign colors to the logo(s) or wordmark.

Do Not create other one-color variations of the logos.

Do Not use one-color versions unless in special circumstances and with proper approval.

Do Not sacrifice legibility of the brand.

Do Not fill any part of the logo(s).

Do Not apply color, patterns, images, or type to the interior or exterior of college logo(s).

Do Not rearrange the logo and wordmark in any variation other than the 5 approved logos.

Do Not use another typeface with the S logo.

Do Not make the S logo the same height as the wordmark.

Do Not place or replace the S of the wordmark with the S logo.

Do Not use the S logo in the spelling of any words. Including Snow College.

Snow College Logo ~ Unacceptable Use

Do Not change the kerning of the wordmark letter forms, nor change the horizontal or vertical structure of the wordmark or logo(s).

Do Not stretch the logo to fit a specific area. Allow the minimum space around the logo in all cases.

Do Not modify or adjust any of the standard logos! Use the approved logos in their respected and approved versions as specified in this brand manual. If you have any questions or need any help, please call the brand manager.

It is NOT better to receive forgiveness than to ask permission in the case of the Snow College Brand Identity Program! Your job may depend on your willingness or ability to keep to the brand guidelines.

Snow College Richfield Campus Logos

Typography

Snow College Typography ~ Museo

Consistent typography is the foundation for a successful identity system. The characteristics of a certain typeface often communicate as much about an organization as the words used to describe it. When used consistently, the typeface becomes synonymous with the organization.

With the design of Snow College's new brand, defining the college as a traditional institution and the direction of modernizing the school's image and educational progress, a new set of typefaces was selected for a harmonious relationship with the new logo. A typeface family was chosen for consistency and ease of use for all college communications and marketing programs.

The Museo typography family is an excellent choice for the many applications within the institution. Any of the Museo family of Museo, Museo Slab and Museo Sans can and should be used—together or separately. A set of Museo Fonts can be obtained through the Office of Marketing & Communications

and Brand Management.

We suggest using the Museo fonts as your first choice in all college brochures, marketing materials, flyers, power point or keynote presentations, etc. These fonts are appropriate for both headline and body text use. Do not use Museo fonts for written text on college letterhead, please use Arial or Helvetica for this use.

Always obtain approval from the Brand Manager when using alternate type faces.

Email Signature

Snow College ~ Email Signature

Below are examples of the approved email signatures for Snow College administrative offices as well as academic units, departments, staff and faculty. Guidelines for this email signature: the type specified is Helvetica or Arial, Regular, 11 point. Highlighted elements of these signatures can be set in blue or orange, the rest of the signature should be set in black. Text shall be formatted flush left.

We suggest Snow College faculty, staff, and departments use text rather than images for email signatures. Images in email signatures may be flagged as spam, preventing them from being received. Images in emails also won't be seen by all recipients (for example, some webmail systems hide images by default, and people with slow internet connections may turn off images). Example 1 shows a text only email signature, Example 2 shows a text only email signature with a larger font size name (Maximum of 14 pt font size) and color.
